The Alphabet Rose Border will stitch without the letter. Letters found at #3119-21 and may be stitched in color of your choice. (Model stitched with garnet and B/S in black.) It is necessary that you stitch the border first and then stitch the letter separately. Combining them may change the color order shown on this page.

Rose Alphabet (for Rose Border #3116-18)©

Design by Laura Doyle

A custom alphabet has been created for use with Alphabet Rose Border #3116-18. The file can be viewed using the Paint Tool which is part of your operating system. It can be found by clicking on START/ACCESSORIES/PAINT then FILE/OPEN/your CD location and finally the file number #3119.jpg.

Use your machines design software to create one or more of the letters (fonts) shown below based on the grid which will appear using the Paint Tool, or use one of the stock fonts that come with your machine. More experienced users will be able to open 3119A and 3119B files and insert one or more letters into the border #3116. (*Be careful as your machine program may change the color order*) The letters shown below were created using the following colors:
